

THE DRESS REHEARSAL CHRONICLES

TECHNICAL SPECIFICATIONS

Technique:

The pieces are monochromatic oil drawings on different types of upholster fabrics.

Size:

Approximately 10 feet high by 5 feet wide.

Hanging system:

The fabric hangs from a curtain rod that is held by a cord.

Installation:

The extra fabric at the bottom should gather on the floor in a “casual” manner giving the pieces the look of a curtain.

Lighting:

The drawings do not have glass or any kind of glossy surface that reflects light. Each piece only requires a single spotlight centered and focused in the upper part of the drawing.

Shipping:

The pieces can be rolled into cylinders, 5 feet long by 5 inches diameter.
